## ITALIAN OFFICIAL IN SALT LAKE

Salt Lake, Sept. 18.—Commander Augusto Jaccarino, special agent of the Italian government, came to Salt Lake City yesterday on a secret mission for his country. He arrived in the United States recently from Rome, and has been making flying visits to the principal cities on this continent.

In Italy the visitor is a distinguished and well-known figure. He is general secretary of the Italian Colonial Institute, a governmental bureau having to do with Italians in foreign countries. He is editor of the Review of Italy, the leading semi-official periodical of the country, and has various other prominent connections.

Commander Jaccarino reached Salt Lake at noon yesterday, and after removing the stains of travel at the Hotel Utah, where he is stopping, he was closeted for several hours with Fortunato Anselmo, the Italian consul in Salt Lake City.

Last night Consul Anselmo entertained Commander Jaccarino at dinner at the French-Italian restaurant. Also present at the dinner were Dr. B. DeRosa and A. Ferro, two prominent Italian residents of Salt Lake. The secret agent held a conference with them following the dinner.

**Mission Is Secret.**  
Although freely admitting that he is a special agent of the Italian government and that he was sent to the United States on a special mission, Commander Jaccarino blandly declined yesterday to divulge what the purpose of his visit is.

Whether it has to do with mobilization of Italian reservists, acquisition of horses, ammunition, food and other supplies for his government or what, Mr. Jaccarino permits inquirers to merely conjecture. He will not tell.

Today the secret agent will go to

Bingham. There are many Italians there. Commander Jaccarino will be accompanied on his side trip there by Consul Anselmo. They plan to make the journey back and forth this morning, by automobile, as this afternoon the secret agent must catch a train for San Francisco.

After a brief stop in San Francisco Mr. Jaccarino will hurry to Los Angeles, thence back by the southwestern route to New Orleans, and then back to Washington, where he will hold a conference with the Italian ambassador.

**Allies Will Win.**  
"Italy and her allies will be successful in the war," said Commander Jaccarino yesterday. "We have only, as you say, just started. Just watch and you shall see."

That was as far as the Italian secret agent would allow himself to go in discussing the war. He acknowledged an inadequate command of the English language, and further than that, gave it to be understood that the nature of his connection with the government of Italy precluded him from going into details as to the great war.

The visitor announced himself charmed with the United States, and said that a clear September day like yesterday was in Salt Lake reminded him of Naples. Before dinner last night he took a drive about the city.

Besides his prominence as an attaché of King Emmanuel's government and as an editor, Commander Jaccarino is a leader in the civic affairs of Rome, the Italian capital. He is a member of the Roman committee for civil organization during the war and secretary of the executive committee of the Italian-Roman league, a patriotic organization in the capital. He is also vice president of the Italian National Federation of Gymnastics, being an ardent advocate of athletics.

**METHODISTS PLAN TO BUILD COLLEGE**  
Boise, Ida., Sept. 17.—Establishment of a Methodist college in Idaho at Gooding, where a site has been donated, is to be the 1915 idea of the Methodist conference, which draws its membership from Idaho and Oregon. This fact was demonstrated at the conference session here today, for the assembly went on record for establishing the new college next year, and steps will be taken to complete the \$400,000 endowment fund necessary to make it possible. The decision was reached after a long conference with Dr. J. W. Hancor, secretary of the general board of education of the Methodist denomination. Part of the required endowment fund has already been raised.

Ministerial delegates to the general conference at Saratoga Springs, N. Y., were elected as follows: The Rev. Henry W. Parker, Twin Falls, superintendent of the Pocatello district; the Rev. J. D. Gillilan, superintendent of the Boise district. Alternates were named as the Rev. W. A. Winters, superintendent of the La Grande district, and the Rev. Willie Marton, pastor of the first Methodist church, Boise. The lay delegates also met and heard many interesting addresses.

**ALL RECORDS BROKEN  
AT CANADIAN LOCKS**

Sault Ste. Marie, Mich., Sept. 18.—When the last of 115 vessels and small boats had passed through the American locks here yesterday all daily records since the opening of the locks had been broken. The number passing through the Canadian locks was not taken into consideration.

The largest number previous to this was one day in 1895 when an even 100 craft of all kinds locked through the Weitzel lock.

**NO TRACE OF AGED  
MINISTER FOUND**

Denver, Colo., Sept. 18.—No report had been received today from the parties of foresters and guides, led by Frank W. Sampson, which went to Estes park two days ago to continue the search for Mr. Sampson's father, the Rev. Thornton R. Sampson of Austin, Texas. The elder Sampson disappeared more than two weeks ago somewhere in the rugged mountain country surrounding Estes park.

Heavy snow has fallen in the region and mountaineers believe the chance of finding the aged minister and educator alive is slight.

**FLOOD SITUATION  
CAUSING ANXIETY**

Austin, Tex., Sept. 18.—With the stage in Cetholadoro river at the dam here at 68 feet and a rise of 28 feet in 18 hours, officers were closely watching the flood situation early today.

The entire valley of the Colorado river was flooded. The dam underwent a severe test with a tremendous pressure against it from the heavy flood waters carrying quantities of driftwood and other debris.

No bad resulted so far as ascertainable.

**RECORD SHIPMENTS  
OF CRUDE OIL**

Washington, Sept. 18.—More crude oil was shipped from Tampico, Mex., to United States ports during August than in any month since January, 1914. Vice Consul Bevan reported today to the department of commerce. The total, 1,352,037 barrels compared with 680,042 in August last year. More than \$50,000 barrels were shipped from Tuxpam last month.

## SANT'ANNA FIRE WORK OF ENEMY

**Captain Reports Many Explosions on Board Steamship Carrying Italian Reservists.**

London, Sept. 18, 1:08 p. m.—Lloyd's agents at St. Michael's Azores, telegraphed today that the captain of the Fabre line steamer Sant' Anna attributes the fire on his vessel to the work of propagandists of an enemy country.

The report says there were many explosions on September 13 on the Sant' Anna, which put in at the Azores on Thursday after the fire had been extinguished. Subsequently a number of unexploded fuses were found. It is said that the ship surely would have been blown to pieces if there had been munitions of war on board.

Washington, Sept. 17.—A dispatch regarding the Sant' Anna, as given out by the department follows: "Sant' Anna, Fabre line, arrived Thursday evening. About midnight September 12 fire was discovered in the twelfth hold, filled with general merchandise and baggage. Eighteen fuses found. Many explosions. Six hundred five passengers, including women, children and aged men were transferred to the Ancona September 13. Ship expected to proceed with 1196 passengers Friday or Saturday. All passengers safe."

**BUNCHED HITS WIN FOR SUPERBA TEAM**  
Chicago, Sept. 17.—Brooklyn tonight edged five hits off Lavender in the third inning and this coupled with base on balls, a wild pitch and an error gave them a commanding lead and resulted in the defeat of the locals, 7 to 5.

Chicago played an uphill battle, inserting three pinch hitters into the game, who delivered, but was unable to overtake the Dodgers, who had added two more runs by opportune hitting in the eighth and ninth innings.

Smith weakened in the eighth, when Chicago rallied, and was replaced by Rucker. Rucker's cab of a line drive in this inning with men on second and third, probably saved the game for Brooklyn. McCarthy's fielding was a feature.

## The Organization Back of the DeVine Safety Razor Company

While all the stock in this Company is controlled by business men of Utah, the selling campaign and the advertising is handled from Chicago—the great central market of America.

The sales promotion work is in the hands of John Herbert Toal—a man who has had wide experience in the successful promotion of products that are known throughout the country. Mr. Toal's specialty is advertising and selling. His preliminary plans have more than proved that the shaving public considers the DeVine Safety Razor a real solution of the shaving problem.

We are going to do for our dealer friends in the State of Utah the same effective advertising which is proving out so successfully in other cities. As stated before, we did not start out selling the DeVine Safety Razor among friends. The goods were sold in a distant field entirely upon their merits.

In the selling campaign which has extended to only twelve cities in the Central West during the last six weeks, our selling organization has secured distribution in nearly two hundred stores.

Pittsburg, Sept. 17.—New York lost two games to Pittsburg today, the first by a score of 9 to 6, and the second, 5 to 0. Cooper and Benton were both hit hard in the preliminary game, the locals bunching their hits better than New York. In the second game Hill was effective and allowed only four hits and no runs. Manager McGraw and all the players not in the second game were ordered off the field by Umpire Rigler for coaching from the bench.

**BRAVES CRIMPED IN HOT PENNANT RACE**  
St. Louis, Sept. 17.—St. Louis put a crimp in Boston's pennant prospects by winning the opening game of a double-header here today, 1 to 0, and tying the second, which was called at the end of the ninth. The score was 2 to 2.

Doak opposed Nehf in a pitchers' battle in the first game, each allowing four hits. In the sixth inning Bescher was safe on Maranville's fumble, Betzel sacrificed and Bescher stole third. Miller's single completed the run.

In the second game Boardman, a recruit from Winnipeg, held the visitors to two hits after relieving Meadows in the fourth.

## NEW YORK HORSE SHOW TO LEAD

New York, Sept. 18.—New York's Horse Show this year will undoubtedly be the leading event of its kind in the world, for the famous exhibition in Olympia, London, has disappeared in the smoke of war.

In order to avoid a clash with the Metropolitan Opera House opening the show will be held November 6 to 12, one week earlier than usual. The concluding day will be a Friday before several notable Saturday football games.

Horsemen say the separation of docketed and undocketed saddle horses means practically doubling the number of classes for riding horses, thus increasing the competitions and adding to the interest this year. Fine harness ponies are likely also to figure prominently.

**Women Enter Hunting Field.**  
New York, Sept. 18.—The first day of the United Hunts Racing Association meet today brought out a large field. Three women, Mrs. Payne Whitney, Mrs. F. Ambrose Clark and Miss A. M. Frayling are among the entrants.

**AUTO SWEEPSTAKES RACES ARE BEGUN**  
Providence, R. I., Sept. 18.—Twenty-one drivers, including several racers of national prominence, were entered for the 100 miles sweepstakes arranged for the opening of the new Narragansett Park automobile speed-

way today. Among the entrants were Ralph De Palma, Bob Burman, Harry Grant, Ralph Mulford, Paul Sartori and Tom Alley.

A 25-mile free for all also was on the program and Burman planned to make an attempt to lower the one mile circular dirt track world's record of 45 1-5 seconds, established by Louis Disbrow at St. Louis on August 8, 1914.

**Try for New Record.**  
New York, Sept. 18.—An attempt by Dario Resta, winner of the Vanderbilt cup and the Grand Prix, to set a new world's automobile record for ten miles and for one lap of a banked track was the chief event on the program for the opening of the new Sheepshead Bay speedway today.

The record for ten miles on a banked track is 7 minutes 45 seconds. Resta circled the track at Chicago at the rate of 110.1 miles an hour for a single lap and intended to beat this today if possible.

**FOOTBALL ELEVENS CALLED TO FIELD**

Denver, Colo., Sept. 18.—The call to the field for practice has gone out to all the candidates for the 1915 football teams of the Rocky Mountain Intercollegiate conference and the close of the week found each of the elevens at work on the latest tactics in offense and defense. Forty candidates appeared for first practice at Colorado university and a similarly good prospect was reported from Colorado college, Denver university, Colorado Aggies and others of the conference combination.

At Salt Lake the Utah State university hopes climbed this week with the announcement of the entrance into the game of Jim Lille, one of last year's strong members.

Utah Agricultural school suffered a great blow in the death this week of Vaughn Howse, who was killed Monday by a fall from a hay wagon. Not a single veteran of last year will be seen in the Utah Aggies' lineup this fall.
